

MEET
Multi-sites EGS Demonstration

CY CERGY PARIS UNIVERSITÉ

GEOTHERMAL WINTER SCHOOL 2021

VIRTUAL

FEBRUARY 16-19th, 2021

CY Cergy Paris University
NEUVILLE CAMPUS
Institute of Advanced Studies

PRACTICAL COURSES AND KEYNOTE LECTURES ON EGS POTENTIAL IN EUROPE

Thematic Lectures:

- Deep geothermal systems in various geological settings
- Increase heat production from existing plants and oil wells
- Mapping best locations for future installations in Europe

SESSIONS OF PRESENTATIONS FOR YOUNG RESEARCHERS

VISITS OF GEOTHERMAL HEAT & POWER PRODUCTION SITES IN THE PARIS BASIN

An innovative approach for graduate and post-graduate students giving them the chance to:

- encompas the current evolution of the geothermal market in Europe
- follow lectures of geosciences and technical experts on key topics of the H2020 MEET Project
- discover how to practically generalize geothermal energy over the continent
- learn actively from working knowledge of the MEET Project
